FEATURES:

- **Windows Mobile 5.0 with AKU 2.6:** Travel around the world and stay connected with this versatile device. The IP-830w combines the familiar windows operating system with a Quad Band device that is capable of data roaming in North America on CDMA networks, and international GSM networks. At launch, customers will be able to roam in over 100 countries. Stay productive with mobile versions of familiar applications, including Microsoft® Word, Excel, PowerPoint, and Outlook® Mobile. Manage your calendar, contacts and tasks anytime.
- **Sprint Mobile Broadband:** Where available experience broadband-like data speeds averaging up to 400-700 kbps and peak speeds up to 2.0 Mbps when accessing Sprint Power Vision services and content. Supported Power Vision applications include:
 - **On-Demand:** Retrieve customized, up-to-date web content such as sports, weather, news, money and movie information with the push of a button
- **Phone as Modem:** Take advantage of Sprint Mobile Broadband on your laptop by using your smart device as a wireless modem (USB cable included). Requires Sprint Phone as Modem plan.
- **Built-in Bluetooth® Wireless Technology:** When used with your Sprint PCS Phone and accessories, Bluetooth allows fast, secure transmission without cables or wires, even though the two devices are not in line-of-sight. Bluetooth wireless accessories sold separately.
- **Enhanced Attachment Viewing:** Download, view and edit files in Microsoft Word, Excel, PowerPoint Mobile. Also equipped with Pictel Browser, a powerful file viewer and alternate browser.
- **Wireless Email:** Send and receive email from multiple corporate and personal email accounts. Get wireless email access to popular commercial POP3 and IMAP accounts. Users can also set up wireless access to Microsoft Outlook email with a direct connection to Microsoft Exchange

Server 2003 (Exchange ActiveSync). Sprint supported middleware solutions (sold separately) includes:

- **GoodLink™:** Provides secure, real-time access to email and corporate data with a familiar, Outlook-like interface.
- **Voice/Memo Recorder:** Record ideas with built-in voice recorder.
- **Built-In speakerphone:** Hands-free operation made easy
- **SD I/O Expansion Slot:** Add memory and selected peripherals, transfer music, photos, and video from your desktop, or load additional games and applications. Cards (sold separately).
- **TTY Compatible:** This phone connects to a TTY device, allowing anyone who is hearing impaired the ability communicate.
