## **Touch Pro by HTC**

*Sophisticated Work at Your Fingertips*

The Touch Pro by HTC offers a sophisticated approach to business by combining the power of Sprint's National Mobile Broadband Network (EV-DO Rev. A) with the access to Windows Mobile 6.1 and the integrated HTC TouchFlo™ 3D touch-screen experience. Customers can rehearse PowerPoint® presentations anywhere with Microsoft Office Mobile Suite, download a song from the Sprint Music Store's quick over-the-air song downloads, capture information with the Business Card Scanner or check their email all at their finger tips. Sporting an elegant design, Touch Pro by HTC offers a high-resolution 2.8 inch VGA display, smooth browsing experience powered by Opera, crisp 3.2 megapixel camera/camcorder with auto-focus and a slide out five-row QWERTY keyboard.

### **PRODUCTIVITY**

- Integrated HTC TouchFlo™3D user interface
- Windows Mobile 6.1 includes Outlook Mobile for HTML supported email, Windows Live for Windows Mobile, Office Mobile, Internet Explorer Mobile and Windows Media Player 10
