MOTORAZR² V9m

Strikingly Beautiful and Packed with Exclusive Music and Video Content

The MOTORAZR² V9m brings the “third screen” of mobile video to two screens instead of just one with the unique ability to watch video on both the inside and outside displays. The MOTORAZR² V9m operates on Sprint’s EVDO Power VisionSM Network enabling downloads of the latest news, music and entertainment content at broadband-like speeds. Key features include access to the Sprint Music Store for quick and easy over-the-air song downloads, Sprint TV with live programming and exclusive content, stereo Bluetooth[®] wireless technology, a 2.0 megapixel camera and external touch sensitive buttons that provide access to music, video and the camera while the flip is closed. With a super thin design and ultra premium finish, Sprint’s content-rich MOTORAZR² V9m is sure to stop traffic.

ENTERTAINMENT

- Sprint Music StoreSM offering full-length over-the-air song downloads
- SprintTVSM with more than 50 channels of live television and on-demand video and audio including a comprehensive portfolio of ABC news and entertainment video programming
- NFL Mobile, a Sprint-exclusive application that brings fans same-day audio and video highlights, a live stream of NFL Network’s broadcast and real-time statistics and scores updated every two seconds
- Sprint Power View, the industry’s first made-for-mobile video programming network
- MicroSD[™] memory card slot with 2GB capacity
- On Demand Services with up-to-date sports, weather and news information

PRODUCTIVITY

- Integrated 2.0 megapixel camera and video camcorder with 4x zoom
